## Home and other visits

Our doctors may offer home visits at their discretion to regular patients of this practice, when their condition prevents them from attending the surgery.

## Communication/Telephone access

Doctors in this practice may be contacted during normal opening hours. If the doctor is with a patient, our highly trained reception or nursing staff will take a message, and advise you when it would be likely that your doctor will answer your query. In an emergency your call will always be put through to a nurse or GP.

## Fees and billing arrangements

Fees are payable at the time of consultation by cash, EFTPOS, MasterCard or Visa. The AMA fee structure forms the basis of our billing policy and is displayed in the reception area of our surgery.

The GPs at this practice bulkbill most appointments, children under 16, pensioners and Health Care Card holders. Veterans may sign the service voucher. Some procedures may incur a fee, however we will make sure the costs are communicated with your prior the procedure. These fees are determined by the doctor performing the procedure.

## Results policy

All results are checked and notated by your doctor on a daily basis. To ensure appropriate follow up of investigations, patients must book a return appointment for a review of these results within 2 weeks of the request. This appointment should be booked on the day the test was requested. The

practice nurses will contact the patient with any result that requires more urgent attention and arrange an earlier consultation. If you do not have a follow up appointment to discuss your results the practice nurse will also call/txt you to make a follow up appointment at the doctor's request.
